1. This Office action is in response to the amendment filed 12/19/05. Claims 18, 33, and 38 have been amended. Claim 19 has been canceled.

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claims 1-18 and 20-38 are allowed.

4. The following is an examiner's statement of reasons for allowance:

The previously objected subject matter has been incorporated into each previously rejected claim, in this case the display of aircraft position with respect to the runway according to the selected resolution. The system taught by Doose certainly depicts a system that displays the runways and taxiways in relation to the location of an aircraft; however, the particular properties found in the dependent claims are not easily found in an obvious combination in the prior art. Most important is the display resolution of the runway, taxiway, and aircraft position based upon at least one of a selected resolution, position and heading, taxi speed, and ground speed of the aircraft.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
